

## POWER AND CONVENIENCE UNDER THE HOOD

### UPster® H 500 AirBox

#### Pass-through commercial dishwasher

Ultra-convenient warewashing in record time, The UPster H 500 AirBox offers powerful cleaning in an easy-to-use package. No clouds of steam when you open the machine, plus convenient automatic start-up. A great choice for tall items such as big plates, serving dishes and trays.

#### Key Features

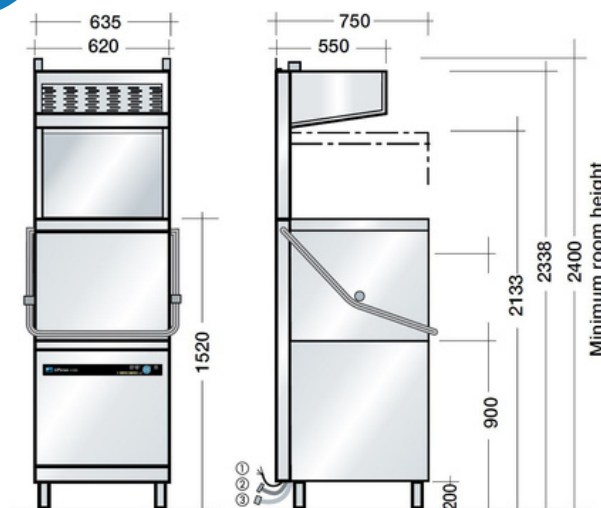

- ✓ AirBox AktivAir vapour condensation hood significantly reduces the steam released
- ✓ Hood vents to the rear – directs steam away from the operator
- ✓ Machine starts automatically when hood handle is pressed down
- ✓ Stainless steel wash and rinse systems
- ✓ Deep-drawn wash tank can hold 22 litres
- ✓ Sloped hood ceiling and drip channel prevent wash water dripping onto dishware
- ✓ Easy-to-clean interior – no pipes obstructing the inside of the wash chamber
- ✓ Digital display of wash & rinse temperatures
