

Vertical Toasters

These vertical toasters can accommodate up to six slices with a reduced slice selection switch for economy in quieter periods. They both utilise an automatic element timer for consistent results. Once cooked, the toast can remain warm in the machine before being manually ejected. Designed for continuous use.

TC55 pictured

FEATURES

- Stainless steel construction
- 5 minute timer
- Easy-clean crumb tray
- Multi-slice selection
- Dura-Life stainless steel elements
- Advanced Control Safety Systems

SPECIFICATIONS

MODEL	SLICES No.	POWER Watts	CONNECTION Amps	MACHINE DIMENSIONS		
				WIDTH mm	DEPTH mm	HEIGHT mm
TC55	5	2400	10	410	230	295
TC66	6	3150	15	410	230	295

Note: Unit designed for continuous use. A change in selection of the number of slices toasted will require a period for element temperatures to equalise. Uneven toasting may result during these transitional periods.

Griddle Hotplates

These heavy duty griddles feature thick, machined steel cooking plates which provide the temperature and heat retention ideal for efficiently cooking foods such as hamburgers, steak, eggs, bacon and pancakes.

HP10 pictured

FEATURES

- Thermostatic control, dual on larger models
- Forward drain gutter with well positioned grease collection box
- Stainless steel body

SPECIFICATIONS

MODEL	DUAL CONTROL	POWER Watts	CONNECTION Amps	PHASE	MACHINE DIMENSIONS*			COOKING SURFACE
